

## Supporting Our Community

Evergreen is a mosaic of talented and generous people giving to one another to create a richly diverse community. Unlike in cities and towns that are incorporated, our many organizations require this grass roots support to thrive; from school kids' extracurricular activities, to the arts, and to the preservation of our unique lifestyle surrounded by unspoiled wilderness. There are needs everywhere that we can contribute our time, effort and money to. Tupper's Team is proud to support the following organization in and around Evergreen.
